

Youth
in Action
Programme

5th Element

Youth Exchange 1.1.,
Youth in Action Program,
19th - 28th of August 2013,
Bukowina Tatrzańska
(near Zakopane City), southern Poland

During this year's holiday will facilitate cultural exchanges 48 young people from five different countries in Europe - different territory, constitutionally, politically and culturally.

The topic is cohabitation with nature and location of the man in the natural world around him.

Young people will have the opportunity to learn about the traditions of Spain, Polish, Turkey, Hungary and Italy. Young people from these countries will participate in activities and workshops on traditions of their peoples, cultural exchanges, environment, interaction with nature, active life and health, creative hand-make workshops, and etc. ...

Non-formal education will be used throughout the project in order to promote a healthy and active lifestyle in mutual respect for another human being and the world around him.

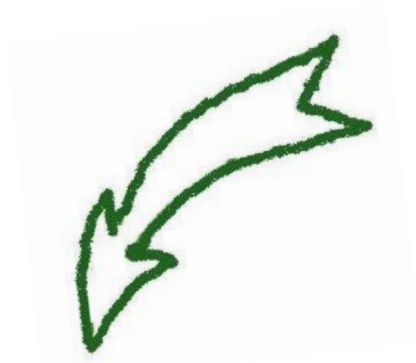

All activities will be accompanied by activities around the theme of the four elements and sporting activities, artistic, cultural, social validly discussion topics, games and competitions ... and of course the holiday time is conducive to making friendship!

Project name speaks of human as the fifth element - co-operating with the surrounding nature and the four elements: water, fire, air and earth. The theme of the project is sustainable lifestyles, environmental awareness, living in harmony with nature, European awareness, promote the activity as a healthy lifestyle and personal skills.

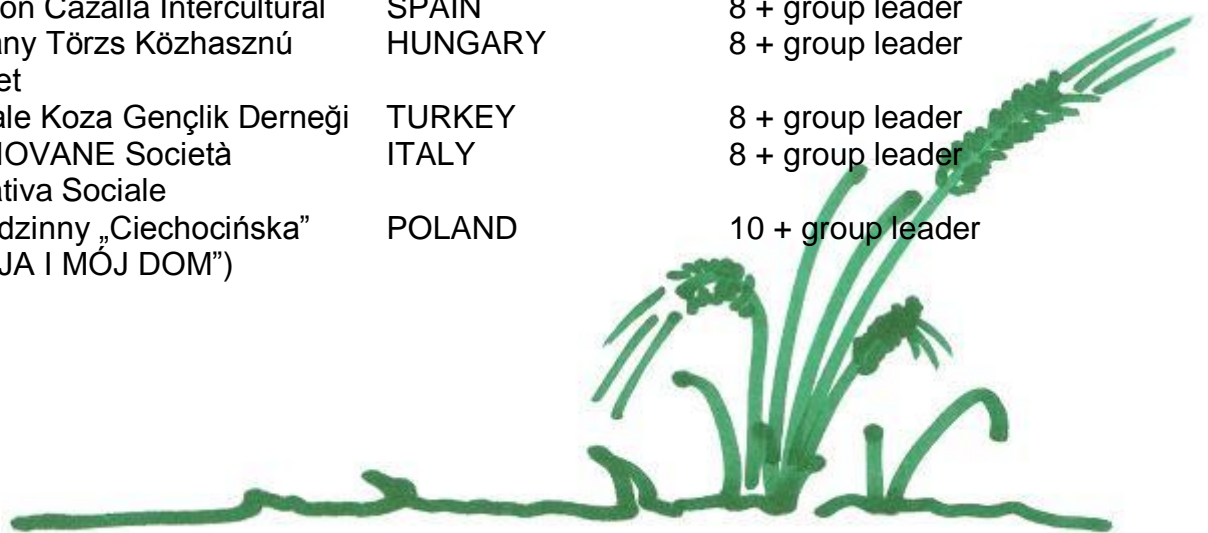

The participants of the project will be a young people 15 to 19 years - from five European countries who:

- those who have the motivation to actively participate in the whole program!!!
 - ready to experience the extraordinary adventure!!!
 - interested in the topic of the project!!!
 - having an open mind!!!
